SUMMARY

Third-year Computer Science student at Grenoble Alpes University with a strong foundation in system programming, automation, and AI-powered workflows. Experienced in file automation, backend integration, and object-oriented programming. Actively seeking opportunities to apply my technical skills in real-world challenges and contribute to impactful software solutions.

WORK EXPERIENCE

Junior Tech Engineer, Saabco

Jan 2023 - Feb 2024

- Developed and implemented over 10 file automation scripts
- Structured a clean MongoDB database from unordered archive files.
- Created 3D designs using Python to visualize construction work

AI & Tech intern, Mindspace

Jun 2025 - Aug 2025

- Developed AI agents for data scraping and integrated APIs across platforms to automate daily workflows (n8n).
 - Organized messy file archives into structured databases using: File Crawling: Python + Dropbox SDK, and for Databases: SQLite / PostgreSQL / MongoDB
 - Collaborated with external devs to add backend features, including GTM integration and secure employee login systems.
-

TECHNICAL SKILLS

- **Programming languages:** Java, C, C++, Python, Bash, Ocaml, ARM, R
 - **Web:** HTML, CSS, JavaScript, React
 - **Databases:** Oracle, MongoDB, SQLite, PostgreSQL
 - **Tools:** Git, n8n, Docker, GTM
 - **Other:** Excel, Autocad, Odoo
-

CERTIFICATES

- Full-stack engineering course on Scrimba (106h)
 - Ethical Hacking course on Youtube (15h)
 - C++ API Dev course on LinkedIn Learning (4h)
-

PROJECTS

- **Chinese Dama Game (OCaml):** Built a CLI-based implementation of the Chinese Dama board game, handling input validation, state transitions, and win conditions using functional programming.
 - **Animated Tower of Hanoi (Python):** Visualized recursive solutions to the Tower of Hanoi using Python's turtle graphics.
 - **File Automation Scripts (C, Bash):** Automated repetitive file organization and reporting tasks, saving users 30–50 minutes/day.
-

ADDITIONAL INFORMATION

- **Languages:** English, Arabic, French
- **Volunteering:** Volunteer as a Firefighter from 2019-2024
- **Leadership:** Served as president of a math club, organizing inter-school meetings and curriculum enhancement initiatives
